Ecumenism is the real hope for religion on the state college and university campus. People of every description must work together on campus — pray together, program together, pool their resources, their brains, their energies, their plans, their services. If we fail to do this, we will fail to provide meaning for the college we are meant to serve and are able to serve. Students, pastors, and faculty must be a "community of servants" at Saint Cloud State College.
