## What Sixty Distinguished Educators Know About Teaching

Now, at the threshold of your careers you can secure the composite classroom experience of sixty men and women whose names and achievements are outstanding in the world of education. Their experience, their accomplishments, their daily practice—everything is revealed in a new and interesting way in **THE CLASSROOM TEACHER**. It is not an encyclopedia, not a "reference work," not a series of impractical shortcuts or pedagogic crutches, but a properly balanced, logically arranged combination of professionalized subject matter and the latest methods of procedure.

### Let the Classroom Teacher be Your Guide

This attractively bound, twelve volume work has startled the educational world. Such masters as Milo B. Hillegas, Thomas Henry Briggs, William C. Bagley, and sixty others have given their best to this work. Over seven thousand pages, profusely illustrated with beautiful color plates of birds and flowers; hundreds of photographs and charts; scores of practical suggestions. Every illustration, every page of text has been prepared especially for you. Nothing has been "lifted" or "re-

hashed"—everyone of the fifty-five departments bears the signature of the author. **THE CLASSROOM TEACHER** covers every subject from the Kindergarten to the Junior High School inclusive. To the beginning teacher, it is a mine of information, a source of study, inspiration and guidance for years to come. To the master, it presents the opportunity to compare his experience and practice with the newest and best. Let this remarkable contribution to better and easier teaching help you.

### For Teachers---By Teachers

**THE CLASSROOM TEACHER** was planned and written by teachers, solely for teachers. It required over \$500,000 to create it. Yet the cost to you is less than a cent a page. It is sold by teacher-representatives only—men and women who have met and solved the problems you are now facing. Let our local representatives tell you how **THE CLASSROOM TEACHER** can help you; let him show you the matchless scope, depth, and authenticity of this work. Write for free comprehensive booklet outlining departments, and explaining the things you want to know.

## Economy Through Quality

Low prices in themselves may represent the grossest kind of extravagance. The real test of Thrift lies not in the price paid but in the character and duration of the service rendered by the article bought. In ordering goods for our Store we have this distinction clearly in mind. You enjoy the advantage of low prices here but you enjoy even a greater and more lasting advantage than that,—namely—**QUALITY**, always at a saving!

## The Truly Educated are the Well Informed

*Schools, Colleges, and Universities but lay the Foundation  
for Education.*

The individual who stops the search for knowledge with the College degree would in a few years become poorly informed, if not actually ignorant.

Events, inventions, science and progress are an unending parade. The most learned man of fifty years ago if brought back to earth today would be bewildered by his ignorance.

The real schoolmaster succeeding the College is

### THE DAILY NEWSPAPER

It brings the news of the world up to the minute.

The only way to keep in step with progress is to be a reader of the press.

The Teacher, above all others, to be a success, must keep up with the parade.

# Travel via NORTHLAND

Just a Few of . .  
. . . The Reasons

Why do people travel by bus?

It is not particularly difficult to answer that question.

Bus transportation is modern transportation. It has the pleasant and convenient features that go with travel on rubber tires and with motors. Not only does it have the pleasures and advantages of motor travel, but bus transportation for many people is easier, safer and more pleasant than riding or driving in their own cars.

Motor bus travel saves money. You can ride the Northland buses for three cents and less per mile. To drive your own car may cost you from 8 cents to 12 cents a mile. When compared to other forms of commercial transportation the motor buses present real savings and many definite advantages.

Within the past few years wonderful progress has been recorded in bus transportation. In many ways the motor bus presents the standards of comfort to which other forms of transportation now aspire. Motor bus transportation is setting new standards of convenience, economy and comfort in local transportation.

# Why You Should Attend The *St. Cloud* State Teachers College

\*\*\*\*\*

1. To prepare for entrance into a profession that offers unusual opportunities for worthwhile service.
2. To prepare for entrance into a profession that offers relatively good salaries and opportunities for advancement and growth.
3. Because the college has an excellent reputation and high professional standing.
4. Because the college has approximately 6000 alumni and is not only the largest Teachers College in the State, but one of the largest in the Northwest.
5. Because expenses to students are unusually low.
6. Because graduates of accredited high schools are admitted without examination.
7. Because the college has excellent dormitories.
8. Because proper emphasis is placed on social and athletic activities.
9. Because the college has an excellent reputation and there is great demand for its graduates.
10. Because special courses are offered for those who wish to teach in kindergarten, primary, intermediate, or higher grades.
11. Because special courses are offered in music, industrial arts, and physical education for both men and women.
12. Because the college is centrally located and easily accessible.
13. Because the college has a reputation for service and is characterized by an excellent spirit.
14. Because optimism and good fellowship prevail.
